A WARM WELCOME

Dear friends,

I'm really glad to greet you on behalf of the entire community of UTM. Now, before you decide what career to pursue, the choice of the university may seem a difficult challenge. Still, the studies you are going to perform are the ones that could open you the doors to new experience and successful achievements. We know that choosing a career can be hard, so to help you with that, we created this guide containing useful information and advice to discover us better and make the right choice.

You certainly know that engineers are the most sought-after professionals in the labor market and by choosing UTM, you motivate us to continuously develop and invest in our students. We constantly create dynamic, friendly and accessible study facilities. You will learn from the best professionals and benefit from practical work, modern laboratories and learning spaces endowed with innovative equipment.

We encourage students to be active and curious in order to profit from all the opportunities we offer. Regardless of the faculty you choose, be sure that you'll have a lot of opportunities to follow your passion and to develop lifelong skills. We focus on improving student learning outcomes, creating a collaborative environment and cultivating a growth mindset for long-term success.

We are looking forward to you becoming part of UTM community !

Viorel BOSTAN,
Professor, Habilitated Doctor,
Rector of the Technical University of Moldova

GET INSPIRED BY UTM

11 Faculties

493 laboratories

95 design classes

6 research centers

nr. 1

among universities in the country (The World University Ranking – Impact Ranking 2024)

among universities in the country and Romania (Round University Ranking (R UR) World University Rankings)

among universities in the RM included in Webometrics Transparent Ranking: Institutional Repositories by Google Scholar, with 11100 publications indexed in Google Scholar

85%
of graduates are employed within 3 months of graduation

+12000
students

+973
Academic staff

Cooperation agreements with over 100 universities in the EU, USA and Canada
Mobility programmes, summer schools and internships abroad
The first nano-satellite in the country built by UTM and launched into Earth orbit

UTM hosts:

- TEKWILL – the first centre of excellence in ICT
- ZIPHouse – Fashion Innovation Hub
- Microwinery the first wine making state of the art production and research laboratory
- FabLab – the ultramodern platform of digital manufacturing, industrial design and engineering
- University's Veterinary Medical Center
- Agrotek Arena & Green Bio Hub – first centre of excellence and innovations in agriculture
- Digitalized Scientific Library
- Cybercor - National Institute of Cybersecurity Innovations

STUDENTS' BEST EXPERIENCES

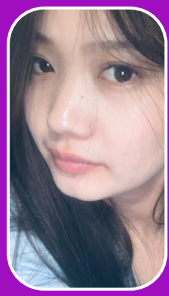

SUNDAR BALAKUMAR
Veterinary Medicine

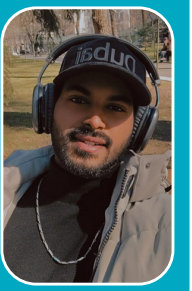

Hello everyone! I'm Bala, a veterinary medicine student. I began my studies in Ukraine and continued at Technical University of Moldova (UTM) after the war begun. Moldova is a peaceful, friendly country, and UTM offers excellent education with qualified, English-speaking faculty. The University provides great exchange and internship opportunities across Europe. Our DVM (Doctor of Veterinary Medicine) degree has strong global recognition. UTM is on track for VCI (Veterinary Council of India) recognition. The veterinary hostel is comfortable and affordable, with modern amenities like a stove, oven, washing machine, and elevator. The administrative staff—Ms. Irina, Ms. Gabriela, and Ms. Cristina—are incredibly helpful, and our Dean, Mr. Mihail, is supportive and friendly, especially during surgical training. UTM has its own farm with animals like, cows, dogs, cats, and more, giving us hands-on clinical experience. Many international students choose UTM because of its quality education, global ranking, and affordability. Moldova is truly a great place to study!

HASITONGLAGA
Master in Oenology

Studying at UTM has been a rewarding experience. The university offers strong academics, supportive professors, and many opportunities for personal and academic growth. The International Office staff are friendly and always ready to help. Living in the dorms was also a valuable part of the journey—simple but functional, with a strong sense of community among students from diverse backgrounds. Moldova is a beautiful, affordable country with rich culture, welcoming people, and delicious traditional food. It's a great place to experience Eastern European life and try excellent local wines. If you're looking for quality education, cultural diversity, and a positive environment, UTM is a great choice.

RADHAKRISHNAPILLAI KRISHNAN ANUSH
Veterinary Medicine

I am Anush Radhakrishnapillai Krishnan from Kerala, India, and I am a third-year Veterinary student at UTM. So far, my experience at UTM has been very positive. The professors are approachable and supportive — whenever I have a question about any subject, I feel comfortable asking them for help. Our Dean and Vice Dean are especially friendly and always willing to assist students.

The Veterinary Medicine faculty is housed in a modern building, well-equipped with up-to-date technology that enhances our learning.

I have traveled to many countries, and I can say that the cost of living here is much lower compared to other places, including Denmark and other European countries. The weather is also more pleasant, making it easier to adapt.

Dormitory life has been a memorable part of my university journey. Living on campus helps me stay engaged, meet new people, and feel part of a welcoming community. Although it took some time to adjust in the beginning, I now truly enjoy the experience — from group study sessions to late-night conversations and supporting one another.

To future students: come with an open mind and a willingness to learn. UTM offers a rewarding academic and cultural experience.

LI CHI
Master in Oenology

I'm Li Chi, an international student from China, currently pursuing a master's degree in Viticulture and Oenology at UTM. During my studies, I've actively joined academic and cultural events, including roundtable discussions and National French Language Day, and appreciated the Romanian language courses taught by Professors Ana and Mariana. The International Office staff were incredibly supportive and welcoming. Living in a shared dorm, I enjoyed a comfortable and practical space and made friends with students from Turkey, India, Africa, and friendly local Moldovans. My Perspectives on Moldova Cuisine: I love traditional dishes like stuffed pies, sarmale, mămăligă, and zeamă. Wine: Moldova's wineries, especially Cricova and Milestii Mici, produce excellent wines. I'm fond of sweet reds and mulled wine. Languages: Many locals speak Romanian, Russian, and even English or French. Shopping: I enjoy practicing Romanian at the Central Market, though supermarkets are also handy. Travel: Beyond Chișinău, Soroca is my favorite for its riverside charm and fortress. UTM blends academic excellence with cultural richness—perfect for curious and adventurous learners!

STUDENTS' BEST EXPERIENCES

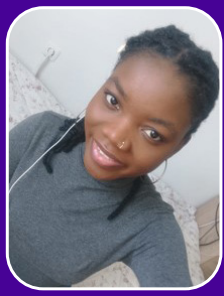

DURVA CHAVAN MUKUND
Veterinary Medicine

Hello, I am Durva Chavan studying at UTM for the Veterinary Medicine programme since October 2024. Moldova itself is a really peaceful and beautiful place. In the winter, it gets really cold, but the snow makes it enjoyable. Its transitioning into summer now and it's getting warmer. As for the dormitory life, we get to stay in shared rooms with other students in the option of triple and double rooms, also with an option of a single room. We are also provided a cooking stove and washing machine, with a hot water geyser in the bathroom. The courses, on the other hand, also offer hands-on experience and the professors are friendly. I like my experience in Moldova so far.

WENDJA DJUOMBESSY GRACE ERICA
Preparatory year

Hello! I'm excited to share my experience so far at UTM. The academic environment is stimulating, and I've had the opportunity to learn from knowledgeable professors.
Regarding the dormitory conditions, I've found them to be comfortable and convenient. The rooms are clean, and the facilities are well-maintained. It's a great place to rest and focus on studies.
As for Moldova itself, I've been pleasantly surprised by its rich history, vibrant culture, and breathtaking natural beauty. To the future students considering UTM, I'd say: go for it! The university offers a unique blend of academic rigor and cultural immersion. Be prepared to learn, grow, and make unforgettable memories.

PRIYANSHU GUPTA
Business and administration

Studying at UTM has been a great experience. The university offers good academic support, and the teachers are helpful and open. The dormitory conditions are decent – basic but comfortable, and a great friendly environment to meet other students.
Life in Moldova is calm and affordable. People are friendly, and the local culture is interesting. I've really enjoyed my time here and would recommend UTM to anyone looking for quality education in a welcoming environment.

ABUL PAASIL AHAMED
Veterinary Medicine

I'm Abul Paasil, currently pursuing the first-year in Veterinary Medicine study programme at UTM. The university environment is pleasant and warm. The professors are co-operative and good. The way of teaching and study is quite different from India, but it's good. The dormitory that I'm staying right now offers good conditions and friendly staff. Shortly, the Republic of Moldova, is a must-visite destination, as it has pleasant conditions with nice people. Its beautiful villages give a special flavour to this part of Europe. Surely, I would recommend the university to the students who want to pursue their higher education studies here in Moldova.

WHY STUDY AT

Enjoy student life !

UTM cares for every student offering rich and authentic experience in a friendly, engaged and dynamic learning environment. Our students can engage in a wide range of extra-curricular activities such as sport clubs, student associations, volunteering, part-time work etc., in order to meet new people, develop your skills, bringing your ideas to life and creating innovative projects. You will enlarge your horizons by enhancing independent learning, boosting your curiosity and achieving big goals, because we ensured a healthy balance between studying and social life.

BEST – Board of European Students of Technology

The organization activates in 96 technical universities from 33 European countries. As a member of BEST, you will learn to work at an international level, discover the diversity of the European culture and meet new people. You will take part in various career events, national and international courses, engineering competitions and festivals.

Student Union Organization

Over 90% of our students are members of the organization. This is a community of young and dynamic people willing to get involved in cultural, sport and creativity events. We implement together ideas and daring projects, such as the online radio „Studentus" and the information portal www.studentus.md. Join our team to develop new abilities and make changes for the better.

UTM ?

International Students League (ISL)

This student society was established within UTM in 2022 with the purpose to facilitate the integration of international students into university activities, to continuously follow up their issues and problems, monitor and provide solutions and promote the image of the university on an international scale. It also aims to involve international students more actively in various extracurricular activities.

League of female students in engineering

This is a community of engineering female students and graduates whose mission is to stimulate and encourage women to reach their full potential as future engineers and leaders. The league organizes various trips, programs, seminars, training sessions and workshops that encourage women to pursue their engineering careers. It also provides professional support and organizes various networking activities. As part of the team, each member can develop better communication and leadership skills by establishing partnerships, organizing events, inviting trainers and simply making true friends.

Filière Francophone Informatique

Being established in 2021, this student organization brings together students and graduates of this study program that share both the French language and IT passion. It is focused on stimulating university-high school- enterprise cooperation through a wide range of such activities as: organizing workshops on teaching and practical implementation of IT topics, developing projects in collaboration with NGOs, cooperation and development agencies, stimulating the francophone community both within the Faculty of Computers, Informatics and Microelectronics and in the country.

ZIPHouse – Fashion Innovation Hub

An innovational center specialized in design and technology in textile industry, offering students, young designers and specialists in the field modern technical resources for their study. ZIPHouse was designed in an eco- industrial style and equipped with media, IT and specialized production equipment.

Tekwill – Center of Excellence in Information Technologies and Communications

Opened in March 2017, Tekwill is a coworking space rich in state-of-the-art equipment, practical projects, entrepreneurial activities, mentoring and access to the international IT services and products market.

FABLAB - Chisinau

FabLab Chisinau is the largest prototype and small-scale production workshop space in the Republic of Moldova equipped with computer-controlled devices and machines. It is the best open innovation space for designers, engineers, architects, electricians, entrepreneurs and students who want to develop transformational projects for the community.

Career Guidance and Counseling Centre

Its mission is to help students to plan a successful career. Our experts will provide you with the best support in order to get a job.

- internship opportunities offered by enterprises
- available job offers and employment conditions
- expert CV and cover letter advice

We have an impressive database including over 10 thousand businesses in the country.
www.ccoc.utm.md

UTM Park – outdoor museum of art and technology

UTM Park makes you become a time traveler due to various sculptures, installations, machines and engineering structures created by inventors - graduates and current students of UTM. You will have a great time with your friends and colleagues in this magic environment, where engineering blends harmoniously with art, architecture and landscaping.

University Library

Scientific Library includes 8 branch libraries and holds a physical collection of over 1.3 million items: books, journals, dissertations, standards, special editions, and more. In addition to print resources, it offers access to 14 subscribed databases and numerous electronic resources. Through its website, users can explore digital tools such as the electronic catalog, institutional repository, and digital teaching library.
www.library.utm.md

Erasmus+ program

The Erasmus+ program offers our students the possibility to study or to do an internship abroad. This experience can last from 2 to 12 months. It is a very motivating opportunity to enlarge your horizons, to learn new things and to make friends. You only need to have the courage and enthusiasm, while our friendly team guarantee all the support you need.

University's Veterinary Medical Center

It was inaugurated on February 10 2023 within the Faculty of Veterinary Medicine The new Center includes spaces for consultations, procedures and various interventions for animals, as well as a medical laboratory equipped with the instruments necessary for the diagnosis and treatment of pets.

Agrotek Arena

The first centre of excellence in field of technologies, innovations in agriculture, in which the providers of digital technologies, farmers, students and teachers cooperate to promote the exchange of experience and knowledge, in order to improve the productivity, efficiency and sustainability in agriculture.

Green Bio Hub

It represents a modern platform for training students, offering them the opportunity to acquire essential practical skills in the field of sustainable agriculture and also a research hub, focusing on plant breeding, bioecology, and cultivation techniques to enhance agricultural productivity.

Cybercor

Cybercor National Institute of Cybersecurity Innovations is dedicated to the professional development of public officials and students, strategically preparing the country to address challenges specific to the cybersecurity sector.

INTERNATIONAL STUDENT SUPPORT CENTER

Welcome to Your New Academic Home

Studying abroad at UTM is more than just attending classes — it's about discovering a new culture, forming lifelong connections, and feeling at home in a new country. That's why we created the **International Student Support Center (ISSC)** — your trusted companion throughout your academic journey.

What is the ISSC?

A dedicated support hub designed to meet the unique needs of international students. We provide tailored support, practical assistance, and cultural integration — all in a welcoming, student-centered environment.

Our Mission

To ensure your smooth integration, academic success, and personal well-being — from your arrival to graduation.

Administrative & Regulatory Support

- Diploma recognition assistance
- Admission guidance and document support
- Visa and residence permit support
- Meeting upon arrival
- Help with accommodation
- Health insurance information and assistance
- Assistance with local legal and authorities

Events & Personal Support

- Personalized guidance and support
- Campus tours and welcome events
- Workshops on student life and local culture
- Personalized mentorship
- Cultural festivals and international celebrations
- Language exchange and student clubs
- Partner events with local and global communities

STUDY PROGRAMMES IN ENGLISH

SOFTWARE ENGINEERING Study-Programme

FACULTY OF COMPUTERS, INFORMATICS AND MICROELECTRONICS

Bachelor's degree level.
Duration of studies: full time – 4 years, part-time – 5 years, 240 ECTS
WHAT CAN YOU STUDY HERE?

- Design and development of software / hardware products
- Design and use of operating systems. Database
- Design and management of computer networks
- System and network programming. Web technologies
- Design and programming of robotic and mechatronic systems
- Management of medical technologies
- Assurance and execution of diagnostic researches, treatment procedures
- Development / programming of microelectronic systems and nanotechnologies
- Telemedicine and digital communications
- Development / design of IT products and systems
- Information security

Address: 9/7, Studentilor Street
Web: fcim.utm.md
E-mail: decanat@fcim.utm.md
Instagram page: @utm_se

BUSINESS ADMINISTRATION Study-Programme

FACULTY OF ECONOMIC ENGINEERING AND BUSINESS

Bachelor's degree level
Duration of studies: full time - 3 years, part-time - 4 years; 180 ECTS
WHAT CAN YOU STUDY HERE?

- The basics of marketing
- Production logistics
- Direct marketing and merchandising
- Sales and promotion techniques
- International commerce
- Financial accounting
- Analysis of economic activity
- Entrepreneurship (industry / construction)
- Enterprise finance
- Investment management (industry / construction)
- Global economy

Address: 41, Dacia Blvd.
Web: fieb.utm.md
E-mail: decanat@fieb.utm.md
Instagram page: @utm_ba

FOLLOW US ON INSTAGRAM

VETERINARY MEDICINE
Study-Programme

FACULTY OF VETERINARY MEDICINE

Integrated studies (Bachelor's and Master's degree level)
Duration of studies: full time - 6 years, 360 ECTS
WHAT CAN YOU STUDY HERE?

- Veterinary and surgical services
- Diagnosis of animal diseases
- Treatment of animals
- Veterinary orthopedics
- Veterinary gynecology and obstetrics
- Veterinary reproductive biotechnology
- Treatment and control of parasitic diseases
- Veterinary border control of products of animal origin
- Food safety
- Hygiene, technology and control of products and by-products of animal origin

Address: 52, Muncesti Street
Web: fmv.utm.md
E-mail: decanat@fmv.utm.md
Instagram page: @utm_vm

MASTER'S DEGREE PROGRAMMES

FACULTY OF COMPUTERS, INFORMATICS AND MICROELECTRONICS

DATA SCIENCE
Master's degree level
Duration of studies: full time - 2 years, 120 ECTS
WHAT CAN YOU STUDY HERE?

- Programming languages
- Data visualization tools
- Statistical and dimensional analysis

SOFTWARE ENGINEERING
Duration of studies: full time - 1.5 years, 90 ECTS
WHAT CAN YOU STUDY HERE?

- Designing, developing, testing, and maintaining complex software systems
- Software project management and leadership skills
- Research in emerging areas like AI, big data, and cloud computing

Address: 9/7, Studentilor Street
Web: fcim.utm.md
E-mail: decanat@fcim.utm.md
Instagram page: @utm_se

TECHNICAL UNIVERSITY OF MOLDOVA

UTM BOOKLET

BACHELOR'S DEGREE STUDY PROGRAMMES

FACULTY OF ELECTRONICS AND TELECOMMUNICATIONS

Bachelor's degree level. Duration of studies: full time – 4 years, part-time – 5 years, 240 ECTS

- Telecommunications
- Telecommunications Networks and Software
- Electronic and Telecommunication Systems
- Security

Address: 52, Stefan cel Mare si Sfant Avenue
Web: feie.utm.md
E-mail: decanat@etc.utm.md

FACULTY OF POWER AND ELECTRICAL ENGINEERING

Bachelor's degree level. Duration of studies: full time – 4 years, part-time – 5 years, 240 ECTS

- Electrical Power Engineering
- Engineering and Management in Energetics
- Electrical Engineering
- Monitoring and Virtual Instrumentation

Address: 73, Aurel Vlaicu Street
Web: feie.utm.md
E-mail: decanat@feie.utm.md

FACULTY OF COMPUTERS, INFORMATICS AND MICROELECTRONICS

Bachelor's degree level. Duration of studies: full time – 4 years, part-time – 5 years, 240 ECTS

- Automation and Informatics; Microelectronics and Nanotechnologies; Computers and Network Administration; Information Technologies (in RO and FR); Biomedical Engineering; Information Security; Software Engineering (in English); Robotics; Applied Electronics

Bachelor's degree level. Duration of studies: full time – 3 years, part-time – 4 years, 180 ECTS

- Applied Informatics (Computer Science)
- Data Science

Address: 9/7, Studentilor Street
Web: fcim.utm.md
E-mail: decanat@fcim.utm.md

FACULTY OF FOOD TECHNOLOGY

Bachelor's degree level. Duration of studies: full time – 4 years, part-time – 5 years, 240 ECTS

- Nourishment
- Food Production Technology (in Romanian and French)
- Technology of Wine and Fermented Products
- Engineering and Management in Food Technology

Bachelor's degree level. Duration of studies: full time – 3 years, 180 ECTS

- Public Nutrition Services
- Hotel Services, Tourism and Leisure

Address: 59, Studentilor Street
Web: tf.utm.md
E-mail: decanat@tf.utm.md

FACULTY OF MECHANICAL AND INDUSTRIAL ENGINEERING AND TRANSPORT

Bachelor's degree level. Duration of studies: full time – 4 years, part-time – 5 years, 240 ECTS

- Mechanical Engineering
- Logistics and Industrial Engineering
- Digital Technology in Manufacturing
- Mechatronic Technology
- Applied Mechanical Engineering
- Engineering and Management in Mechanical Engineering
- Engineering
- Engineering and Management in Transports
- Engineering and Management in Rail Transport

Address: 58, Studentilor Street
Web: fimi.utm.md
E-mail: decanat@fimi.utm.md

FACULTY OF URBAN PLANNING AND ARCHITECTURE

Integrated studies (Bachelor's and Master's degree level)
Duration of studies: full time – 6 years, 360 ECTS
Bachelor's degree level. Duration of studies: full time – 4 years, part-time – 5 years, 240 ECTS

- Landscape Architecture and Gardening
- Urban and Regional Planning
- Architecture and Civil Engineering
- Engineering Installations: Gas Supply and Ventilation for Buildings
- Railways, Roads, Bridges
- Environmental Engineering

Address: 23, N. Testemitanu Street
Web: uar.utm.md
E-mail: decanat@fua.utm.md

FACULTY OF CONSTRUCTIONS, GEODESY AND CADASTRE

Bachelor's degree level. Duration of studies: full time – 4 years, part-time – 5 years, 240 ECTS

- Civil and Industrial Construction
- Engineering and Management in Construction
- Geodesy, Topography and Cadastre
- Real Estate Evaluation
- Engineering and Management in Construction

Address: 41, Dacia Blvd.
Web: fcgc.utm.md
E-mail: decanat@fcgc.utm.md

FACULTY OF ECONOMIC ENGINEERING AND BUSINESS

Bachelor's degree level. Duration of studies: full time – 3 years, part-time – 4 years, 180 ECTS

- Accounting
- Economic and Financial Information (in Romanian and English)
- Marketing and Logistics
- Finance and Banking

Address: 41, Dacia Blvd.
Web: fieb.utm.md
E-mail: decanat@fieb.utm.md

FACULTY OF DESIGN

Bachelor's degree level. Duration of studies: full time – 4 years, part-time – 5 years, 240 ECTS

- Animation
- Industrial Design
- Printing Design and Technology
- Industrial Fashion Design
- Game Design
- Technology and Design of Textile Clothes

Address: 4, Acad. Sergiu Radauțanu Street
Web: fd.utm.md
E-mail: decanat@fd.utm.md

FACULTY OF AGRICULTURAL, FOREST AND ENVIRONMENTAL SCIENCES

Bachelor's degree level. Duration of studies: full time – 4 years, part-time – 5 years, 240 ECTS

- Agronomy
- Livestock
- The Safety of Food Products
- Agricultural Biotechnology
- Horticulture and Viticulture
- Floristry and Public Gardening
- Plant Protection
- Agribusiness and Rural Development

Bachelor's degree level. Duration of studies: full time – 3 years, part-time – 4 years, 180 ECTS

- Ecology and Environmental Protection

Address: 46, Mircesti Street
Web: fsasm.utm.md
E-mail: decanat@fsasm.utm.md

FACULTY OF VETERINARY MEDICINE

Integrated studies (Bachelor's and Master's degree level)
Duration of studies: full time – 6 years, 360 ECTS

- Veterinary Medicine (in Romanian and English)

Address: 52, Mircesti Street
Web: fmv.utm.md
E-mail: decanat@fmv.utm.md

MASTER'S DEGREE STUDY PROGRAMMES

FACULTY OF ELECTRONICS AND TELECOMMUNICATIONS

Master's degree level. Duration of studies: full time – 1.5 years, 90 ECTS

- Information Security in Communication Systems and Networks
- Electronic Systems and Communications
- Maintenance and Management of Telecommunications Network
- Management of Information Communication Systems in Business

Address: 168, Stefan cel Mare si Sfant Avenue
Web: fet.utm.md
E-mail: decanat@fet.utm.md

FACULTY OF POWER AND ELECTRICAL ENGINEERING

Master's degree level. Duration of studies: full time – 1.5 years, 90 ECTS

- Electrical Power Engineering
- Energy and Environment
- Electrical Engineering
- Engineering and Quality Management

Master's degree level. Duration of studies: full time – 2 years, 120 ECTS

- Energetics

Address: 78, 31 August 1989 Street
Web: feie.utm.md
E-mail: decanat@feie.utm.md

FACULTY OF COMPUTERS, INFORMATICS AND MICROELECTRONICS

Master's degree level. Duration of studies: full time – 1.5 years, 90 ECTS

- Microelectronics and Nanotechnologies
- Biomedical Engineering
- Information Technology
- Information Security
- Computers and Information Networks
- Software Engineering

Master's degree level. Duration of studies: full time – 2 years, 120 ECTS

- Management of Information Applications
- Information Technology for Business
- Data Science

Address: 9/7, Studentilor Street
Web: fcim.utm.md
E-mail: decanat@fcim.utm.md

FACULTY OF FOOD TECHNOLOGY

Master's degree level. Duration of studies: full time – 1.5 years, 90 ECTS

- Restaurant and Catering Management
- Food Quality and Safety

Master's degree level. Duration of studies: full time – 2 years, 120 ECTS

- Oenology, Winemaking and Wine Tourism
- Tourism and Services

Address: 59, Studentilor Street
Web: tf.utm.md
E-mail: decanat@tf.utm.md

FACULTY OF MECHANICAL AND INDUSTRIAL ENGINEERING AND TRANSPORT

Master's degree level. Duration of studies: full time – 1.5 years, 90 ECTS

- Product and Process Engineering in Machine Building
- Management and Exploitation of Transport
- Mechatronic Systems and Robotics
- Transport Safety and Greening
- Advanced Systems and Technologies in Construction Engineering
- Agroengineering

Address: 58, Studentilor Street
Web: fimi.utm.md
E-mail: decanat@fimi.utm.md

E-mail: decanat@fmv.utm.md

DOCTORAL DEGREE STUDY PROGRAMMES

Doctoral degree level. 3rd Cycle. Duration of studies: full time - 3 years, part-time - 4 years, 180 ECTS

ENGINEERING SCIENCES AND TECHNOLOGIES

- Building materials, elements and buildings
- Construction engineering networks
- Architecture of buildings and edifices
- Energy systems and technologies
- Energy conversion technologies and renewable resources (with their specification)
- Electrotechnical devices/appliances and equipment
- Electrotechnical technology
- Network management systems, computers and information networks
- Information technology, products and systems
- Cybersecurity technology and systems / Information security technology and systems
- Nano-microelectronics and optoelectronics
- Biomedical equipment and devices/appliances
- Machine theory, mechatronics
- Tribology
- Processing technologies, processes/procedures and equipment
- Thermotechnics, thermal machines and refrigeration equipment
- Machinery and technical equipment
- Plant food technology
- Technology of food products of animal origin
- Technology of alcoholic and non-alcoholic beverages

- Food safety
- Processes and equipment in food industry
- Biological and chemical technologies in food industry
- Technologies and technical means for agriculture and rural development
- Geodesy and geoinformation technology
- Cadastre, monitoring and land regulation
- Engineering and management of production (by branches of industrial production)
- Metrology, standardization and conformity assessment
- Merchandise control methods and systems
- Interior design, environment and landscape art

NATURAL SCIENCES

- Mathematical modelling, numerical methods and program products
- Statistical physics and kinetics
- Materials physics and technology
- Solid mechanics / Mechanics of solids / Mechanics of solid bodies

SOCIAL AND ECONOMIC SCIENCES

- Economics and management in the field of activity
- Economic theory and economic policies

INTERNATIONAL PROJECTS & AFFILIATIONS

Erasmus + is the EU program for education, training, youth and sport for the period since 2014. Education, training, youth and sport can make a major contribution to tackling socio-economic change, the main challenges facing Europe by the end of the decade, and to implementing the European policy agenda for growth, jobs, equity and social inclusion.

CEEPUS (Central European Exchange Program for University Studies) is a regional academic mobility program that has been running in Central and Eastern Europe since 1993.

AUF The Francophone University Agency (AUF) is an international association created over 50 years ago. It brings together 845 higher education and research institutions from 111 countries on five continents. AUF is also the operator for higher education and research at the Francophonie Summit. Its mission is to promote a solid francophone university, engaged in the economic, social and cultural development of societies.

AFFILIATIONS

- European University Association (EUA)
- L'Agence Universitaire de la Francophonie (AUF)
- Black Sea Universities Network (BSUN)
- Danube Rectors' Conference (DRC)
- International Nuclear Security Education Network (INSEN)
- ICA Regional Network for Central and South - Eastern Europe (CASEE)
- European Engineering Learning Innovation and Science Alliance (EELISA)

HOW TO APPLY ?

1. Submit your completed, translated, and (if required) apostilled documents.

2. Receive confirmation that your documents have been received and will undergo the recognition process.

3. Receive an invitation letter, which is required for your visa application and must be presented at the border upon arrival in Moldova.*

4. Apply for your visa.

5. Send us a copy of your visa, proof of tuition and admission fee payment.

6. Once confirmed, purchase your flight ticket and send us a copy so we can prepare to meet you and notify customs.

7. We will meet you at the airport and take you to the university dormitory.

8. The next day, bring all original documents to our office.

** Note: If you are from a country that requires an invitation from the General Inspectorate for Migration (IGM) for visa application, the process will take longer, and we will guide you throughout.*

LIST OF NECESSARY DOCUMENTS

1. The application form according to the model approved by the higher education institution (Form 1 on our website international.utm.md).

2. The copy of the national passport with a validity period of at least one year.

3. The copy and legalized translation of the marriage certificate, if it is not drawn up in a language of international circulation.

4. The copy of the certificate of completion of training courses for foreigners (if applicable).

5. The copy and legalized translation of the baccalaureate diploma or its equivalent – for enrolment in the I-st cycle (bachelor's degree) or integrated higher studies.

6. The copy and legalized translation of the bachelor's degree and the supplement to the degree or the equivalents of these documents – for enrolment in the II-nd cycle (master's studies).

7. The copy and legalized translation of the bachelor's degree, master's degree and diploma supplements or their equivalents – for enrolment in the III-rd cycle (doctorate).

8. Academic certificate (in case of enrolment in years 2 – 4 for further studies).

9. Self-declaration of the applicant regarding the veracity of the presented data and documents (Form 2, Form 3 on our website international.utm.md).

** Notice: The documents mentioned in sub-points 5-8 will be apostilled/supra-legalized in accordance with the provisions of the legislation in force of the issuing state and of the Republic of Moldova and translated into Romanian or a language of international circulation.*

DOCUMENTS FOR RESIDENCE PERMIT

In addition to the study documents, the candidate should present the following documents after being admitted to UTM:

• **The criminal record from the home country (country of residence) legalized and apostilled, translated into English legalized by a notary.** The translation into Romanian and its notary legalization will be made in the Republic of Moldova.*

** Notice: The criminal record must not be expired at the country entry date. If not, a new criminal record will be necessary to have before applying for residence permit.*

• A copy of the health insurance (international standard) valid for at least 3 months. After receiving the residence permit international student has an obligation to pay for annual government health insurance.

• Birth and marriage or name change certificate, notary legalized copies (for those who had changed the name).

• Training course completion certificate, which attests the level of the language proficiency in which they will study.

• A recent bank statement with funds confirmation, which prove the existence of at least 3600 EUR.

• A signed apartment rental agreement or a dormitory accommodation contract/confirmation valid for the duration of the studies.

** Notice: If the mentioned documents are filled in other language than Romanian, Russian or English, then they must have their translation (legalized by the notary) in any of these languages. Obligatorily, the International Students Office of UTM accepts all the original documents and their translations just when they are legalized by the Ministry of Foreign Affairs of the native country.*

APPLICATION DEADLINES

Background courses – the 15th of September;
Undergraduate study – the 31th of August;
PhD study – the 15th of November.

• In order to issue the Confirmation of Study Entitlement by the Ministry of Education and Research of the Republic of Moldova and to prepare the Invitation to Studies, applicants must send scanned copies of all documents listed in the List of Necessary Documents, along with information about their planned travel route to the Republic of Moldova and the border point of entry. The documents should be sent to irina.vigoneailo@adm.utm.md or international@adm.utm.md.

• Once the documents have been examined by the Ministry of Education and Research and the Confirmation of Study Entitlement has been issued, the invitation procedure will be completed only after the admission fee of 100 EUR is transferred to the University's bank account.

• Applicants must present the original documents upon arrival in the Republic of Moldova.

• International students who do not speak Romanian or Russian are required to attend preparatory (background training) courses. Candidates who speak Romanian or Russian must pass a language level test.

• However, candidates who present a Graduation Certificate from Romanian-language preparatory courses are admitted without having to pass the language test, whether they apply for undergraduate, graduate, or postgraduate studies.

• The same procedure applies to candidates choosing to study in English.

PREPARING FOR YOUR JOURNEY

Documents

Before traveling to The Republic of Moldova, ensure you have the necessary documents:

- Valid passport and visa (if required)
- University admission letter
- Proof of health insurance
- Accommodation confirmation (if staying in dormitories)
- Financial proof for visa processing

** Note: Don't forget to take with you all original documents mentioned in this guide for studies and perfectation of residence permit*

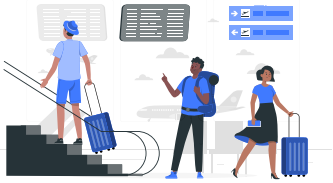

What to Pack

Moldova has a continental climate with warm summers and cold winters. Pack accordingly:

- Warm clothing (for temperatures down to -10°C in winter)
- Light clothing for summer months (up to 35°C)
- Adapters for European plug types (Type C & F)
- Any necessary prescription medications

Arrival and Transportation Information

Upon arriving at Chisinau International Airport, your first step is to clear immigration and passport control, you will need to:

- Show your passport and visa (if applicable)
- Declare any items of high value
- Pass through customs (avoid bringing restricted items)
- Text us about arrival – we will be waiting for you at the Airport

Transfer from Chisinau International Airport

- Taxi: (cost: approx. 100-150 MDL to city center)
- Bus: Line 30 (6 MDL, runs every 30 minutes)
- University Transfer: Available upon request for international students.

Once completed to clear immigration and passport control, if you request the University Transfer, an UTM representative will be waiting for you in the arrivals area. As part of the university's support services for international students, UTM arranges airport pickups to ensure a smooth arrival.

First Steps Upon Arrival

- Exchange currency at the airport or local banks (1 EUR ≈ 19 MDL)
- Purchase a Moldovan SIM card

This will allow you to stay connected with your family and friends immediately upon arrival. The UTM representative from the International Students' Office will assist you throughout this process, ensuring you have everything you need.

Transfer to Accommodation

The university representative will go with you directly to your assigned accommodation (dormitory). This helps ease your transition into student life, eliminating the stress of navigating a new city upon arrival.

Beyond your initial arrival, the UTM International Students' Office will continue to support you with information, administrative assistance, and guidance in preparing the necessary documents for obtaining a residence permit in Moldova. This includes accompanying you to the General Inspectorate for Migration and assisting with any other official procedures required for your stay.

REGISTRATION AND ACCOMMODATION

Registration at the University

- Upon arrival, visit the International Students Office to complete your registration:
- Submit necessary documents
- Receive your student ID
- Get access to university online platforms

Accommodation at UTM, Dormitory Check-in

Upon arrival at your assigned dormitory, you will need to check in by presenting any required documents. The dormitory is an excellent place to meet fellow students, including other international students, creating a supportive and engaging environment. UTM provides fully equipped with furniture dormitories, and you will receive your room assignment upon check-in, items for personal use you are welcomed to bring with you or purchase it in local markets.

HEALTH INSURANCE

In The Republic of Moldova, everyone living in the country is required by law to have mandatory health insurance — this includes all citizens and international students.

• To apply for your residence permit, you must first have health insurance valid for at least 3 months. This temporary insurance allows you to legally stay in Moldova while your documents are being processed.
• Once you receive your residence permit, you are required to purchase the Compulsory health insurance.
• As a student, you can buy it at a reduced price starting from January.
• After purchasing the insurance, the university will also help you register with a family doctor, so you can access medical care whenever needed during your studies.
• The university will assist you with completing all the necessary documents, guide you through the process, and make sure everything is done correctly.

PLACES TO VISIT IN MOLDOVA

Soroca Fortress

“Padurea Domneasca” Reservation

Cricova underground wine cellars

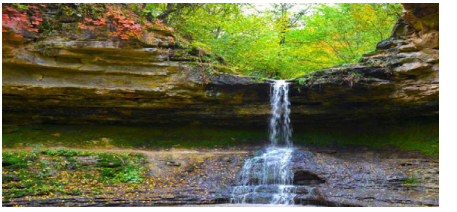

Noul-Neamt Monastery

Stefan cel Mare Monument

National Wine Day

Saharna Gorge

Orheiul Vechi (Old Orhei) Archaeological Complex

TRADITIONS

Martisor (March 1st)

People offer martisoare – small symbols of spring made from intertwined red and white threads – to celebrate the rebirth of nature. It is a gesture of appreciation and good luck, especially given to women.

Easter

The celebration of Christ's Resurrection includes the blessing of food baskets with traditional dishes like pască, red-dyed eggs, and cozonac. People greet each other with "Hristos a înviat!" ("Christ is risen!") and "Adevărat a înviat!" ("Truly He is risen!")

Christmas (December 25th, January 7th by Old Calendar)

Celebrated with traditional carols and family gatherings, this holiday holds deep religious meaning. Children go caroling and receive sweets or money.

Plugusorul (New Year's Eve)

Groups of carolers recite ancient rhymed wishes for abundance and good fortune in the new year. Bells, whips, and sometimes the traditional buhai instrument are used during performances.

Traditional Wedding

Moldovan weddings are filled with unique customs. The groom, accompanied by friends, goes to "claim" the bride, marking the beginning of the celebration. The couple is often crowned with flowers, symbolizing their new life together. The wedding lasts up to three days with dancing (especially the hora), singing, and feasting on traditional food and wine.

Wine and National Wine Day (October)

Wine is a central part of Moldovan culture, often made at home using traditional methods. In October, a national celebration is held with tastings and fairs.

PUBLIC HOLIDAYS

Moldova celebrates a variety of public holidays, many of which reflect the country's rich cultural and religious traditions. These include both fixed and movable dates, marking key moments in history, religion, and national identity. Among these, religious holidays like Easter and Christmas, as well as national holidays like Independence Day, are particularly significant for the people of Moldova.

Fixed Holidays:

January 1 – New Year's Day

January 7-8 – Christmas (Old Style)

March 8 – International Women's Day

May 1 – International Workers' Day

May 9 – Europe Day and Victory Day

June 1 – International Children's Day

August 27 – Independence Day of the Republic of Moldova

August 31 – Romanian Language Day

December 25 – Christmas (New Style)

Holidays with the changing date:

First Day of Easter

Second Day of Easter

Memorial Easter

SPEAKING TIPS

Whether you're greeting someone, asking for help, or just being polite, these basic phrases will come in handy.

Hello – Bună ziua
Use this as a standard greeting during the day.

How are you? – Ce mai faci?
A casual way to ask how someone is doing.

Excuse me – Scuzați vă rog
Perfect for getting someone's attention or politely navigating a crowded space.

What time is it? – Cât e ora?
Useful when you're checking the time in public or need to catch a bus.

Thank you – Mulțumesc
A must-know for showing appreciation.

Good bye – La revedere
A polite way to say farewell.

Have a nice day – O zi bună
A friendly phrase to brighten someone's day.

Tips:
Bună ziua is used during the day. For the evening, you can say Bună seara (Good evening).

When addressing strangers or people in formal situations, use "dumneavoastră" instead of "tu".

Moldovans appreciate politeness and anthenticity — don't forget to say "Mulțumesc"!
